

FMIG DEFENCE PRESENTS
PROVEN LOGISTICS CONCEPT

USED BY THE FINNISH DEFENCE FORCES

FMIG
defence

NEW THINKING

1

operator

- 1 - CONTAINER PICK UP
- 2 - TRANSPORT
- 3 - UNLOADING
- 4 - ROAD MAINTENANCE

*One man can do all this.
With the right equipment.*

BETTER PERFORMANCE

Compatible with all standard containers.

Unloading with fork lift

Fully automatic container handling

Transportation speed 60 km/h with EBS brakes and driving stability control

All terrain capability

DESIGNED AND MANUFACTURED TO WORK IN THE TOUGHEST CONDITIONS.

PROVEN VERSATILITY

*A CONCEPT WHICH CAN BE EXPANDED
ALSO TO THE ROAD MAINTENANCE.*

FMIG Road draggers

FMIG Graders

*FMIG Snow ploughs
& gritting buckets*

*Supplier for the
Finnish Defence Forces since 2000.*
